

**MAP UNIT**

**Basgrey drainage depression**

**MAP SYMBOL BD**

**GENERAL DESCRIPTION**

Dish-shaped to slightly V-shaped intermittent stream lines on the basalt and other volcanic material.

**LAND ASSESSMENT**

- A      Erosion Risk with Land Disturbance  
          Class 3            Concentrated runoff
- B      Constraints on Construction  
          Class 4-5          Requires drainage works
- C      Effluent Disposal by Soil Absorption  
          Class 5    Surface runoff, very poorly drained soil
- D      Small Farm Dams  
          Class 2            Some rocky areas

**OVERALL ASSESSMENT FOR RURAL SUBDIVISION 2-10 ha (Considering A, B, C & D)**

- Class 5            Surface Inundation, very poor soil drainage
