

**MAP UNIT**

**Seddar hills**

**MAP SYMBOL SH**

**GENERAL DESCRIPTION**

Moderate to steep hills (8-20%) with moderately shallow yellow duplex soils. Medium clay subsoil – Moderate shrink-swell & permeability

**LAND ASSESSMENT**

- A      Erosion Risk with Land Disturbance
  - Class 4          Rapid runoff Dispersible clay
- B      Constraints on Construction
  - Class 3          Slope
- C      Effluent Disposal by Soil Absorption
  - Class 3          Slope, slow percolation rates, areas of very shallow soil
- D      Small Farm Dams
  - Class 3          Slope

**OVERALL ASSESSMENT FOR RURAL SUBDIVISION 2-10 ha (Considering A, B, C & D)**

Class 3          Erosion risk
