

from	to1	description
0	3	SILTSTONE Weathered f/g siltstones.
3	6	f/g Siltstone.
6	9	deeply weathered siltstone.
9	15	siltstones
15	18	siltstone
18	33	siltstone
33	51	siltstone deeply weathered
51	54	slate, fresher siltstones slight seep
54	57	siltstone
57	60	siltstone interbed
60	63	weathered interbed (deeply weatherd 62m)
63	66	slate, harder shale and siltstone (65m) 66 metasediments (66-)
66	69	unweathered metashales

**Geology-** Marine: sandstone, siltstone, biotite schist  
**GFS-** Local flow systems in weathered fractured sedimentary and metamorphic rocks  
 Water EC. 12230us/cm (12/04)
