

**Department of Agriculture, Victoria, Australia**

**SOILS AND LAND USE IN THE  
OVENS AND BUFFALO RIVER  
VALLEYS, VICTORIA**

By

J. W. Newell

TECHNICAL BULLETIN, NO. 21  
MELBOURNE, 1970

# CONTENTS

ACKNOWLEDGMENT .....	2
PURPOSE AND USE .....	6
Use of the Maps .....	6
Significance of Soil Types .....	7
Advisory Services .....	7
GENERAL INFORMATION ABOUT THE AREA .....	8
Location .....	8
Early History .....	8
Effects of Settlement on Soils .....	8
Transport, Water Supply and Government Centres .....	9
Recent Trends in Primary Production .....	9
Vegetation .....	10
Climate .....	11
Physiography and Geology .....	13
Upstream Section .....	13
Downstream Section .....	16
The Flood Plain and the Terraces .....	16
The Colluvial Cones .....	17
Relationship of Soil Types to Agriculture .....	18
Soil Characteristics and Land Use .....	18
Soils of Group 0 .....	18
Soils of Group 1 .....	19
Soils of Group 2 .....	20
Soils of Group 3 .....	20
Soils of Group 3f .....	20
Drainage and Cultivation Categories .....	21
Crop Suitability .....	21
Areas of Drainage and Cultivation Categories .....	21
Distribution and Significance of Soil Chlorides .....	22
EXPLANATION OF MAPPING SYMBOLS .....	24
DESCRIPTION OF SOIL TYPES .....	26
Soils on Contemporary Sediments .....	26
Soils on very recent sediments – Minimal Clay Illuviation .....	29
Phases and variants .....	31
Phases and variants .....	35
Phases and variants .....	36
Gradational Soils on Older Sediments .....	36
Duplex Soils on Older Sediments .....	39
Friable Soils on the Oldest Sediments .....	41
CHEMICAL AND PHYSICAL PROPERTIES .....	42
Particle Size Distribution .....	42
pH .....	42
Exchangeable Cations .....	42
SOIL CLASSIFICATION .....	45
REFERENCES .....	46
MAP CORRECTIONS .....	55

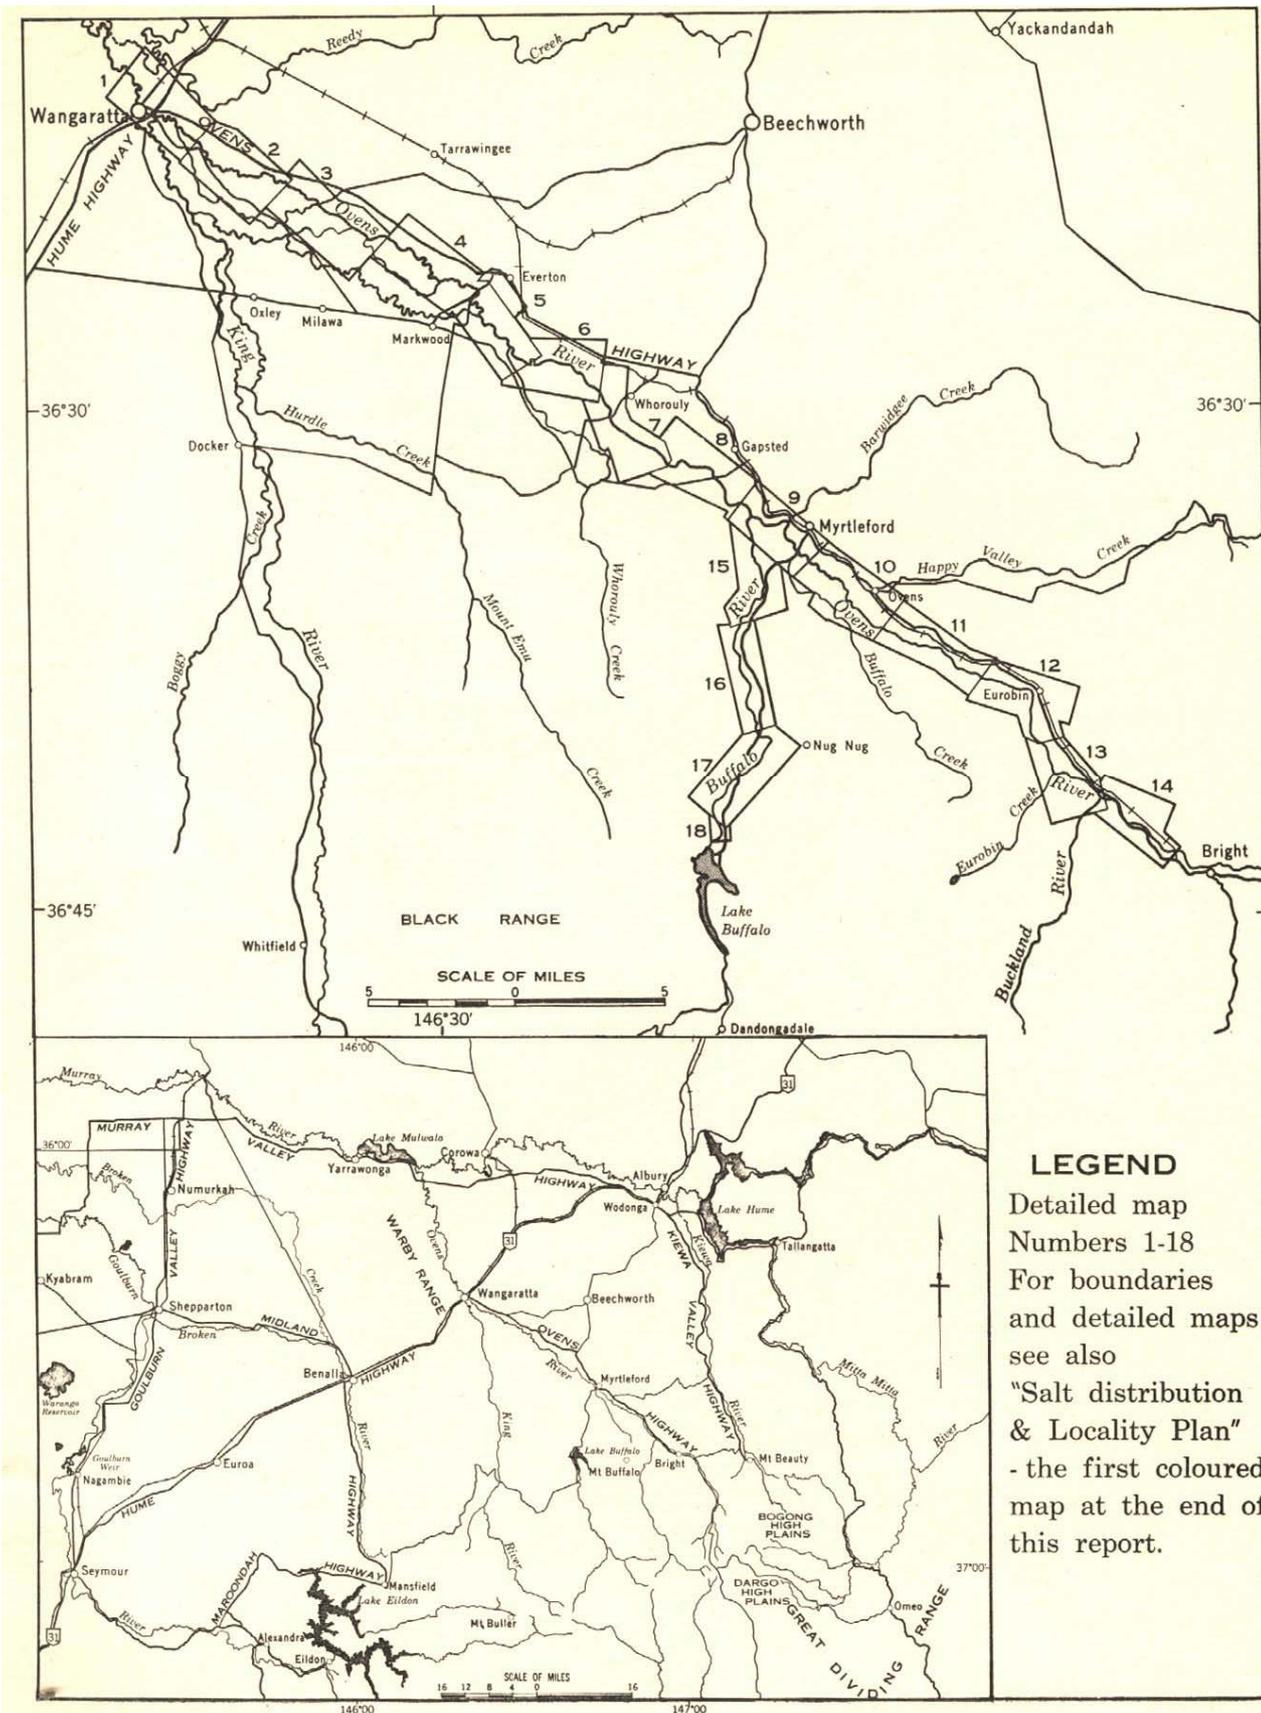

## List of Figures

Fig 1. Locality Plan .....	5
Fig. 2 – Geology and Topography of the River Catchments .....	15
Fig. 3 – Particle size grading of profiles .....	43

## Appendix

APPENDIX I – Analytical Data for Representative Profiles .....	47
APPENDIX II – Analytical Methods. ....	50
APPENDIX III - Explanation of Soil and other Terms. ....	51
APPENDIX IV. - Soil Survey Methods. ....	53
APPENDIX V. - Factors for Converting Imperial to Metric Units. ....	54

Fig 1. Locality Plan

**LEGEND**  
 Detailed map  
 Numbers 1-18  
 For boundaries  
 and detailed maps  
 see also  
 "Salt distribution  
 & Locality Plan"  
 - the first coloured  
 map at the end of  
 this report.
