

Acknowledgements

The help of many people is acknowledged.

Within the Authority Mr. J.N. Rowan and Dr. R.H.M. van de Graaff acted as technical advisers. Mr. T.I. Leslie directed the laboratory analysis of soils. Miss L. Mathews produced the Block Diagrams and she and Mr. B.A. Young helped with the final compilation of the report. Miss R. Hook assisted with preparing the final text while printing and publishing were co-ordinated by Mr. D. Stone.

Mr. A.J. Pitt, former SCA Research Officer, assisted in the field work.

Mrs. E. Nassau, Mrs. M. Fay, Mrs. J. Wright and Miss K. Pope, are also thanked for their assistance in the typing of this report.

Finally I wish to thank the National Herbarium for the identification of plant specimens.
